

NordiCHI

14th – 17th October **2012**

Student volunteer at NordiCHI 2012

Student volunteers are an important and integral part of NordiCHI! We are looking for a group of enthusiastic, independent, hard-working, friendly, and reliable people who want to help us run a smooth and enjoyable conference. Student volunteers support the various programs and events hosted at the conference and will therefore serve in several support roles. The NordiCHI conference will be held at ITU in Copenhagen from 14th – 17th October 2012.

What do student volunteers do?

As a volunteer, you agree to:

- Work at least 20 hours across a variety of tasks:
 - helping out at workshops and tutorials
 - working as aids during the panels and paper sessions
 - lending a hand during the interactive presentations
 - helping with preparation and set-up of equipment
- Show up on time to tasks
- Assist conference attendees regarding any questions
- Attend an orientation session

What do student volunteers get in return?

In return for their help at the conference, student volunteers will receive a number of benefits:

- Free conference registration
- Conference proceedings
- After party for volunteers
- Student volunteer T-shirt

In addition to participating in the conference sessions, student volunteers get the opportunity to exchange ideas with students with similar interests from all over the world, and a chance to network with professionals in a relaxed

environment during the conference's social events. Student volunteers might have the chance to attend one tutorial or workshop during their spare time, assuming they are not fully pre-occupied on activities.

How do student volunteers apply?

Call for volunteers opens on Monday the 23rd of April 2012 and closes on Friday the 25th of May 2012. After the call has closed 15-20 students will be selected for volunteering. All other students who are registered will be assigned a position on the waiting list.

To sign up for student volunteering please go to nordichi2012.org

Student Volunteer Chairs
